Subject: I was attacked

Dear Cliff,

I wanted to share this story with you and thank you so much for coming to our office.

As I was walking to my car from my open house on Sunday April 5th, I was attacked. In broad daylight! I never saw him. He came out of nowhere. He was on me in a second and threw me on the ground. I was scared to death. Even though I heard your talk, I never thought something like this could happen to me. I sprayed him with my pepper spray and he ran away. Thank God, I had it in my hand. Tell them all to go out and buy a pepper spray and for god's sakes, have it in your hand or on your body when you're holding an open house.

Please feel free to share my story but I would appreciate it if you would not use my name or the name of my office.
